

Password Synchronization

You should synchronize your current password to the new Office365 e-mail platform before signing in for the first time. Please complete the operation by following the steps.

- Press link : <https://sis.bilgi.edu.tr/sisauth/ChangePassword>
- Enter your **User Name** (Computer Login Name),
- Enter your **Current Password**,
- Enter your current password to **New Password** and **Confirm Password** again or alternatively set a new password.
- Enter **Instructor / Staff** button.

Space or Turkish(Unicode) characters are not allowed in password. If your current password contains any of them, please set a new password.

The screenshot shows a web form for password synchronization. It has four input fields: Username (containing 'ahmet.aslan'), Current Password, New Password, and Confirm Password. All four input fields are highlighted with red boxes. Below the input fields are two buttons: 'Student' (blue) and 'Instructor/Staff' (green). The 'Instructor/Staff' button is highlighted with a red box.
